

## lux | mandate

Delegate the management of your assets to our experts!

With lux I mandate, you instruct our experts to invest your assets in our range of lux I funds investment funds and manage the capital invested for you.

### Your benefits:

› **Dedicated personal banker**

Your Personal Banker will guide you through all your banking relationships and provide you with regular reports.

› **Personalised investment strategy**

Your investment strategy will be determined in accordance with your investment objectives, your knowledge of financial instruments and your sustainability preferences.

› **Accessible and transparent discretionary management**

The lux | mandate wealth management is available from an initial investment of EUR 25.000 and for an all-in monthly fee of EUR 10 (excluding VAT) regardless of the amount invested.

› **Professional asset management**

Spuerkeess Asset Management advises on the composition of your portfolio, ensuring that your investments are perfectly diversified and that your portfolio adapts to financial markets trends.
